

ORGANIZING INTERNATIONAL WEB CONFERENCE ON

REDEFINING, RESTRUCTURING AND REVAMPING THE WORLD FOR SUSTAINABLE DEVELOPMENT AMIDST NEW NORMAL

24 - 26 July 2020

About the Conference :

The **COVID 19** pandemic has sparked a global realization that our current way of life does not work in the existing way. It has broken our perception of what is normal and deconstructed society as we know it. The consequence of **COVID-19** resulted in paradigm shift in many spheres of life especially in the education system. The learning methodology and the Pedagogy of course curriculum resulted into a new beginning not only for the students but also for the teachers. Several aspects that were once considered fundamental to education need modifications largely to accommodate life skills of the future under the present pandemic situation. The present situation also highlighted the individuals to rethink, redefine and restructure about their skills, adaptability and its implementation for sustainable development. Virtualization of core areas and digitalization will witness a dramatic rise, including increased adoption of cloud-based systems. It is a wake-up call for the public and private sectors to redefine policy frameworks, academic and business strategies and their operations without incurring financial losses to meet out the demand of end users. The pandemic situation will change the way of businesses operation and restructure the way with the approaches like integrated learning and experiential learning with greater implementation of technology through virtual revolution.

Considering the above points We will need to step up with the motives, "**Innovation is key**", "**Technology is no longer an option it is a way of life**" to create "**Atma Nirbhar Bharat**" for sustainable development. In this regard, Faculty of Commerce, Management, Engineering in support with CRG (Core Research Group) AISECT, IQAC RNTU and in Collaboration with GAP (Grand Academic Portal) is organizing an International Web conference titled "**Redefining, Restructuring and Revamping the world for sustainable Development Amidst New normal**".

The conference is aimed to address the problems and challenges generated in the wake of **COVID 19** in totality through paper presentation, discussions and sharing of the research findings covering the following areas.

- Education/Pedagogy
- Entrepreneurship
- Incubation/Startup
- Trade and E-commerce
- Digital and Virtual tools
- Technology & Learning management Systems.
- Manufacturing Engineering
- Production Systems
- Knowledge Based Economy
- Global Ecology

All the participants are encouraged to contribute through Research Article, Research Paper, Case Study ,Proposed model or tool for teaching learning mechanism post Covid 19 or Working model that address themes and topics of the conference including figures, tables and references of novel research materials. High quality research contributions describing original and unpublished results of conceptual, empirical, experimental or theoretical work in any one area of the themes of the conference are cordially invited.

Call for Papers :

All the Research writings and Models should be submitted by email at rntuintconference2020@gmail.com. The articles should be typed in MS word, Times New Roman & must not exceed 300 words. The title should be 12 fonts, capital letters and bold, name of authors and institution also in 12 fonts, small capitals and placed as centred. Text should be 11 fonts as normal, single spaced.

Last date for paper submission : 15-07-2020

About RNTU

Rabindranath Tagore University established in 2010 in Raisen district in Bhopal is India's first Skill University. RNTU is the second highest education venture of India's leading higher education group - AISECT Group of Universities.

Named after Nobel laureate Sh. Rabindranath Tagore, the University believes in providing all-around cognitive development to its students by focusing equally on soft skills, building personalities, entrepreneurship incubation, liberal & performing arts as well as sports and cultural activities.

The Group's basic foundation across all its higher education projects is to prepare its students into becoming responsible, skillful and fair professionals. AISECT has more than 35 years of unmatched experience in skill development and job placements. The Group offers its students, wide opportunities through its multiple industry associations and expertise in entrepreneur development.

About GAP

Grand Academic Portal (Gyan- Adhyayan- Parampara) is an initiative to provide a supplementary and complementary element to the existing formal higher education system in India. The founders have collectively envisioned a platform to provide an innovative, free, equal, equitable, collaborative, sustainable, and all-inclusive teaching-learning-pedagogy environment to all the stakeholders of the higher education in India. GAP has its presence in more than five states of India growing its popularity very fast in foreign countries also. Grand Academic Portal (GAP) is a network group functioning in the field of Higher education in India. It is a platform, having more than one thousand direct and indirect stakeholders who are the professors, faculty members, researchers, industry patrons, lawyers and other highly esteemed professionals from India and abroad. GAP is operational in many areas of higher education like research, consultancy, publication of books and journals, project management, resource mobilization, faculty development and training and mentoring.

AIC-RNTU Incubation Centre

It is a Startup Incubation Centre supported by Atal Innovation Mission, NITI Aayog, and Govt. of India. Objective of AIC-RNTU is to create a startup ecosystem and familiarize the visionary brains with the business aspects of an idea and provide them a platform with necessary resources, culture, opportunities, and amenities – to grow their startup units into high growth business enterprises. AIC-RNTU by playing the role of both startup incubator and accelerator, aims at training and mentoring young entrepreneurs to fuel their inner drive to innovate. At AIC-RNTU, we take charge of providing essential services such as fund support, management, mentorship, co-working space, and state-of-the-art technical assistance to the budding business units.
